## SECTION II: COLLEGE BOARD AND PRESIDENT

### 2.1 Authority for Establishment of College Board

[VCCS *Policy Manual*, Sections 2A-IX-D-2+3]

**2.1.1** Title 23, Chapter 16, Section 23-220 of the *Code of Virginia* (Sections 23-216-20) empowers the State Board for Community Colleges to “establish policies providing for the creation of a local community college board for each institution established under this chapter and the procedures and regulations under which such local boards shall operate.”

**2.1.2** The VCCS *Policy Manual* constitutes the official policy document for the operation of Virginia's Community Colleges. At all times, when in conflict, this manual supersedes any and all policies specific to the local board.

The *VCCS Policy Manual* may be accessed through the VCCS website at <http://www.vccs.edu/about/where-we-are/policy-manual/>.

**2.1.3** The State Board dictates the following provisions for the establishment of local boards:

An ad hoc committee consisting of a minimum of three persons shall be appointed by the governing bodies of the political subdivisions sponsoring a community college and shall consist of one member of each governing body of the political subdivisions in the region being served by the community college as identified in the master plan approved by the State Board for Community Colleges.

The ad hoc committee shall recommend to the governing bodies of the participating political subdivisions:

- Number of members (between nine and fifteen) on the local college board;
- Allocation of these members among the local political subdivisions sponsoring the community college; and
- Initial local financial support for the community college and the allocation of these funds among the local political subdivisions sponsoring the college.

**2.1.4** Implementation of these recommendations shall be contingent upon the approval by the governing bodies of the participating political subdivisions.

**2.2 Duties and Responsibilities of College Board**

[*VCCS Policy Manual*, Sections 2A-IX-D-7, 4.3.1.5, and 10.0.0.4]

**2.2.1** The college board shall perform such duties with respect to the operation of the college as may be delegated to it by the State Board for Community Colleges. In general, the college board is responsible for assuring that TCC is responsive to the needs existing within its service region within the statewide policies, procedures, and regulations of the State Board for Community Colleges. Within this context, specific duties of the board follow.

**2.2.2** Serve as a channel of communication between the State Board for Community Colleges and the governing bodies of the local political subdivisions.

**2.2.3** Submit recommendations to the State Board for Community Colleges for naming the college and, in the case of multi-campus colleges, each of its

campuses. The college's name must include the phrase "community college" in it.

**2.2.4** Name the facilities of the college and its campuses, adopting a local policy for such naming.

**2.2.4.1** The policy may provide for naming on the basis of significant service but should also provide incentives and recognition for private sector giving to support the college. Recognition for private sector giving should typically occur after the gift has been received rather than on a prospective basis.

**2.2.4.2** Individuals are not eligible for this award if currently employed at the college or elsewhere within the Virginia Community College System, are serving on the local college board, or serving on the State Board for Community Colleges. A separation from such employment or service of at least one month is a prerequisite for eligibility.

**2.2.4.3** College staff must provide a current copy of the local policy to the VCCS Office of Facilities Management Services.

**2.2.5** Recommend to the State Board for Community Colleges the master site plans for the college and its campuses, as well as the A&E schematic designs for the college's individual facilities.

**2.2.6** Approve a capital outlay plan for parking and a reserve fund from auxiliary enterprise revenues and/or contributions from local government jurisdictions to provide for construction, repair, and maintenance of the college's parking facilities. State law prohibits the use of General Fund monies to construct, maintain, or operate parking lots. The college president ("president") must submit to the chancellor the approved capital outlay plan for parking July 1<sup>st</sup> of each new biennium. [VCCS Policy Manual, Section 4.3.1.5]

**2.2.7** With the chancellor and State Board, participate in the selection, evaluation, and removal of the president in accordance with procedures adopted by the State Board for Community Colleges.

**2.2.8** With the president, chancellor, and State Board, participate in the development and evaluation of a program of community college education of high quality in accordance with procedures adopted by the State Board for Community Colleges. In that context, a college statement of purpose shall be developed by the college community, approved by the local board, and reviewed and approved by the chancellor on behalf of the State

Board. The statement of purpose shall tailor the VCCS Mission Statement to the particular needs and circumstances of the college.

- 2.2.9** Elicit community participation in program planning and development, establishing local citizen advisory committees for specialized programs and curricula, and approving the appointments of all members of these committees.
- 2.2.10** Review new curriculum proposals and, upon endorsement, recommend those proposals to the State Board for action.
- 2.2.11** Review proposals for program discontinuation and, upon endorsement, recommend those proposals to the State Board for action.
- 2.2.12** Oversee the development and evaluation of the college's community service program and, as it deems appropriate, authorize the president to grant an "award of completion" to individuals who successfully complete an approved non-credit program.
- 2.2.13** Stay abreast of the college's fiscal status, directing the president to provide periodic board updates on both the college's financial and annual spending plans.
- 2.2.14** Review and approve a detailed local funds budget for the college as advanced by the president within State Board guidelines. Upon approval, and through established VCCS procedures, college staff shall submit this proposed budget to the State Board and the local political subdivisions.

- 2.2.19** Review audit reports and the college's response to these reports.

**Tidewater Community College Board

  - 2.2.21.11 any other commitment which would have substantial impact on the real property of the VCCS;
  - 2.2.21.12 any litigation proposed on behalf of the VCCS; and
  - 2.2.21.13 any project requiring an increase in student fees.

**2.3 Composition of the College Board**

- 2.3.1** The Tidewater Community College Board consists of twelve members. Each of the local political subdivisions that the college serves—namely, the cities of Chesapeake, Norfolk, Portsmouth, and Virginia Beach—has three representatives. The college also serves the northern part of the City of Suffolk, though this city has not yet exercised its option to have board representation.

**2.3.2** The College Board reflects the diversity of the college's service area through the demographics of race, ethnicity, gender, and professional affiliation. Board members are viewed as the "representative voice" for their jurisdictions and are valued for the unique orientations they bring to the work of the college. Their individual and collective working knowledge of the region is considered an essential.

## **2.4 Length of Terms of College Board Members**

[VCCS *Policy Manual*, Section 2A-IX-D-3]

**2.4.1** Board members are appointed by their representative local jurisdictions for an initial term of four years. They are eligible for reappointment to an additional, consecutive four-year term at the discretion of the appointing jurisdiction.

Upon initial appointment of a board member, and preferably before the next meeting of the board, the president and board chair shall provide the new board member an orientation to Tidewater Community College and to the Tidewater Community College Board, including the roles, responsibilities, and expectations of board members.

## **2.6 Compensation of College Board Members**

**2.6.1** Board members shall not be compensated for their service on the board.

**2.6.2** Board members shall be reimbursed for official travel to and from board meetings and other official college/VCCS functions in accord with state and VCCS policies and procedures governing such travel. Mileage reimbursement is at the regular state rate.

**2.6.3** Board members shall be reimbursed for meals and other direct costs incurred as part of their official board duties in accord with state and VCCS policies and procedures governing such matters.

**2.6.4** Travel outside of the college's service area—i.e., to conferences and the like—shall be reimbursed only if such travel has been endorsed by the president or a designated representative. The reimbursement will be subject to applicable state and VCCS policies and procedures.

**2.6.5** To be reimbursed, board members must submit the required paperwork, to include receipts, as dictated by applicable state, VCCS, and TCC policies and procedures.

**2.6.6** Funding for reimbursement of board members may be drawn from either the college's local funds budget and/or state operating budget subject to the state and VCCS policies and procedures governing both.

## **2.7 Removal and Replacement of College Board Members**

[VCCS *Policy Manual*, Section 2A-IX-D-3]

**2.7.1** Failure to attend board meetings shall constitute cause for the removal and replacement of a College Board member.

**2.7.2** Should a member find it impractical, for personal or business reasons, to attend college board meetings regularly and should a member be absent for three consecutive meetings or for 40 percent or more of the meetings scheduled between July 1<sup>st</sup> and June 30<sup>th</sup> of a given year, such member shall be notified in writing by the board chair that the matter will be presented to the college board, in executive session, at its next meeting. The notice shall give the member both the opportunity to justify his/her absences and/or to tender his/her resignation.

**2.7.3** The decision to remove a board member rests with the College Board and is based on the best interest of the college.

**2.7.4** Should the board remove one of its members, the board chair shall so notify the appropriate sponsoring political subdivision and request a replacement.

**2.7.5** In the case of incapacitation or death of a board member, the college will immediately notify the representative local jurisdiction for a new appointee to fill the unexpired term. If the incapacitated or deceased board member is the board chair or vice chair, the board will proceed with the board chair/vice chair until the next nomination cycle, or advance the nomination cycle to meet the needs of the board.

## **2.8 Reappointments and Vacancies of College Board Members**

[VCCS *Policy Manual*, Section 2A-IX-D-4]

**2.8.1** When the term of office of a board member expires, the appropriate local political subdivision shall either reappoint the member, if eligible, or appoint a new member. If the member whose term of office has expired is eligible for reappointment, that member shall continue in office until reappointed or a successor is named. A member who is not eligible for reappointment shall discontinue service on the college board at the expiration of the term.

**2.8.2** Whenever a vacancy occurs on the College Board, the appropriate political subdivision shall appoint an individual to fill the unexpired term of the member creating the vacancy.

The same procedure used to establish the original ad hoc committee that formed the college's board shall be instituted to establish an ad hoc committee to determine the number of members on the community college board and the allocation of these members among the local political subdivision(s) sponsoring the college.

**2.9.2** The College Board may itself determine the need for a change in number or reallocation of its membership. Upon approval of two-thirds of the total membership of the college board, the chair shall notify the sponsoring political subdivisions of the board's action and request that the political subdivisions follow the procedure as outlined in 2.9.1 above.

**2.10 Distribution of Representation**

**2.10.1** The distribution of board membership should be representative of the industries, businesses, and professions that comprise the college's service area.

**2.10.2** To ensure such a distribution, the State Board for Community Colleges established the list of employment categories shown in Table 2A-1 (on the next page) to assist and guide the board chair and local government jurisdictions in the selection and appointment process.

## **SECTION V: FISCAL POLICIES FOR LOCAL BOARD FUNDS**

### **5.1 Funding Sources**

- 5.1.2 Such funds are used to support the general welfare of the college, often for activities and initiatives that are not supported by the college's General Fund appropriations.
- 5.1.3 The funds fall under the direct purview of the college board subject to state and VCCS policies governing them.

- 5.1.4** The college typically receives an annual allocation of \$6,000 from each of its four sponsoring political jurisdictions—namely, the cities of Chesapeake, Norfolk, Portsmouth, and Virginia Beach. From time to time, the cities also lend their support for special initiatives, as well as for site development of new capital construction.
- 5.1.5** The college’s commission revenue is derived from vendors who operate various activities on the campuses. The vendors have earned the right to operate as a part of the college through a competitive bidding process in accordance with the state’s *Agency Procurement and Surplus Property Manual*, and commission rates are negotiated as a part of their respective contracts with the college. These activities may include bookstore, food service, vending machines, exclusive beverage, child care operations, and other approved activities.
- 5.1.6** The college assesses non-mandatory student fees, including Student Activity, Institutional Auxiliary, and Auxiliary Capital fees. Any such fee increases shall be approved by the college board for subsequent action by the State Board which is the final approval authority for student fees. - 5.2.3** Funding for the Auxiliary Services Budget is derived from commissions and contributions from local jurisdictions. Funded activities may include community outreach, board expenses, land acquisition costs, staffing costs for Auxiliary Services, college community events, and student scholarships.
- 5.2.4** Funding for the Institutional Auxiliary Fund Budget is derived from the Student Institutional Auxiliary Fee. Funded activities may include parking

garages and lots or associated debt payments, parking lot improvements, parking garage or lot lease payments, and transit costs.

- 5.3.4** The college board shall maintain a fund balance necessary to support future operations, any debt service payments, and maintenance and replacement of locally funded facilities.

- 5.3.5** If the president determines the need for an adjustment in appropriations between the separate budgets that comprise the local funds budget, or if there arises an unbudgeted expenditure outside the bounds of the current local funds budget, the president shall take the matter to the college board for action at its next meeting.

- 5.3.6** In those cases where time is of the essence for an unbudgeted expenditure, the board chair, upon recommendation of the president, may convene the Executive Committee to consider the matter. Any action of the Executive Committee would require ratification by the full board at its next regularly scheduled meeting.

### **5.4 Audit of Local Operations**
